Lee Precision Reloading Kit with Mono-Station Press and Accessories

A complete kit including all the essential accessories for reloading is presented to you on the occasion of Lee's 50th anniversary, the Challenger Breech Lock Kit.

- Breech Lock Challenger Press
- Perfect Powder Measure volumetric dosing machine
- Safety Scale Balance
- Safety Primer Small and Large
- Lee Value Trim Press Socket Shortener (Universal Part)
- Chamfering tool
- Primer Housing Cleaner
- Funnel
- Tube of lubricant
- Tool Locking Ring (Breech Lock Bushing)

Introducing the all-new Lee Challenger Breech Lock press. Featuring the latest Breech Lock system, it allows for instant tool changes while maintaining factory settings. The connecting arms are now made entirely of steel, collecting spent primers in a tube located beneath the press.

And that's not all, the Safety Prime priming device is also included! Prime with the push of a button, a simple procedure and compatible with all brands of primers! Never again need to touch primers from the box to the case!

By adding a tool kit, you get a complete package for reloading your favorite calibers. From priming and cleaning to powder distribution and checking your loads with the scale, you'll have everything you need to make your own cartridges.

- Breech Lock Challenger Press
- Perfect Powder Measure volumetric dosing machine
- Safety Scale Balance
