NUM215	Complete set FUG1032	Vente libre	57	188.00 € incl. tax

Canifugue Mix FUG1032 anti-runaway system for dogs: a virtual barrier with settings accessible on the collar.

- A selector on the transmitter box allows the system to be adapted to small and large areas.
- Unlimited number of collars for the same transmitter box
- Integrated security systems
- Adjustable stimulation intensity on each collar (8 levels)
- Adjusting the intensity of stimulations outside the collar
- Comes with a 100 meter spool of thread

- The wire is laid on the ground, buried or overhead on an existing fence.
- For the system to work, the wire must form an unbroken loop that runs from and back to the transmitter box.
- Adjustable zone width (sound warnings / electrostatic stimulation)
- System secured by 3 integrated safety devices:
 - wire break indicator
 - evacuation of the audible warning zone
 - evacuation of the stimulation zone
- There is no limit to the number of receiver collars for a single transmitter box: you can safely keep as many dogs as you want within the same perimeter.
- For each collar, 8 levels of stimulation are available, allowing you to best adapt the intensity of the stimulation to your dog (size, sensitivity, character).

- 2 years warranty
- Immersion-tight collar
- Collar autonomy: 6 months (normal use)

Transmitter box

- Dimensions: 117 x 110 x 28 mm
- Power supply: mains (220 V AC)

Anti-fugue collar

- Weight: 57 g (case + battery)
- Dimensions: 59 x 39 x 31 mm
- Power supply: 1 lithium battery 3 Volts CR2 (supplied)
