SKU	Designation	French Law	Weight (g)	Battery	Colors	MSRP
NUM160	NUM'AXES - CANICALM	Vente libre	92	CR123	Blue	76.00 € incl. tax

An essential reference in the NUM'AXES range, the Canicalm collar has been the best seller for more than ten years. The Canicalm bark collar effectively combats your dog's excessive barking.

The Canicalm collar is particularly suitable for large dogs, dogs with low sensitivity, or dogs with strong personalities. It has two stimulation levels, allowing you to adapt the settings to your pet's personality and sensitivity.

At the first bark, the Canicalm collar emits a burst of 6 audible warnings. If another bark is detected within 30 seconds, an audible warning is emitted, followed directly by electrostatic stimulation (short or long stimulation depending on the operating mode you have chosen).

- Weight: 92 g (case + battery)
- Dimensions: 46 x 50 x 36 mm
- Power supply: 1 x 3V CR123 battery (included)
- Adjustable blue nylon strap at the neck from 20 to 67 cm

Thanks to this effective anti bark collar, you will find calm and serenity.

2 levels of stimulation that allow you to adapt the settings to your dog's character and sensitivity

Anti bark collar for large dogs or dogs with difficult character

How the bark collar works:

The Canicalm collar is triggered when it detects vibrations in your dog's vocal cords. The sensitivity of barking detection is adjustable.

At the first bark, the Canicalm collar emits a burst of 6 audible warnings.

If another bark is detected within 30 seconds, an audible warning followed directly by electrostatic stimulation is emitted (short or long stimulation depending on the operating mode you have chosen).

If your dog does not bark for 30 seconds, the bark collar will automatically return to start. It will emit a burst of 6 audible warnings at the next bark.

Your Canicalm anti-bark collar also has a mode that allows you to inhibit electrostatic stimulation. In this case, only audible warnings will be emitted at each bark.

Reliability and efficiency of the Canicalm collar

- 2 years warranty
- Waterproof collar
- Battery life: approximately 6 months Ergonomics of the Canicalm dog collar
