Canicom R - Rechargeable dog training range.

Num'Axes Canicom R-800: Training Collar Set with Remote Control

The Canicom R-800 training system from Num'Axes represents the perfect alliance between functionality and reliability for the education of your four-legged companion. This set includes an ergonomic remote control and a collar, providing a complete and effective experience for training your dog.

Key Features:

- **Rechargeable and Convenient:** The remote controls and collar are equipped with rechargeable batteries, eliminating the need for frequent battery replacement. The included charger with dual-plug cable guarantees quick and easy charging, ensuring the device is always ready to use.
- **Water Resistance:** The remotes are drip-proof, meaning they can withstand splashes and light moisture. Additionally, the collar is designed to be waterproof against immersion, ensuring it functions properly even in wet conditions.
- **Booster Button:** In case of emergency or situations requiring an immediate reaction, the Booster Button provides additional stimulation to capture your dog's attention and help him focus in critical moments.

The Canicom R-800 set offers a user-friendly interface, sufficient range and features suitable for different dog training needs. It allows you to communicate effectively with your pet to teach them essential commands, while ensuring their safety and comfort.

- Range: 800 m
- 1 or 2 dogs
- Beeps

- Vibes
- 20 stimulation levels
