Compact and modern CO2 replica, reliable and ultra-autonomous.

The **ASG CZ P-10C CO2 airsoft pistol** is a compact replica licensed by **CZ Ceska Zbrojovka**, with a metal slide and polymer chassis, designed to offer regularity, comfort and reliability.

- **Energy:** 1 Joule
- **Propulsion:** CO2
- **Caliber:** 6 mm
- **Capacity:** 22 marbles
- **Hop-up:** adjustable via the slider
- **Slide:** metal / **frame:** reinforced polymer
- **Picatinny rail:** integrated
- **Weight:** 720 g
- **Barrel length:** 90 mm
- **Speed:** 100 m/s (? 328 fps)

Perfect balance between realism, autonomy and performance

This model stands out for its ability to fire up to three full magazines on a single CO2 cartridge, while maintaining impressive consistency. The blowback system generates a crisp, responsive recoil, providing a realistic feel with every shot. Its robust design minimizes wear, extends lifespan, and reduces maintenance requirements.

Ergonomics designed for all profiles

The **P-10C** comes with **three stock backstraps** (S, M, L) for a customized grip. Its textured grip ensures a secure hold, while its compact size is ideal for **CQB** or players looking for an effective secondary replica. It also features a **dual safety system** (trigger + subframe).

Modern chassis and compatible accessories

Equipped with an integrated **Picatinny rail** , the P-10C allows for the addition of a light or laser. Its **adjustable hop-up**, which requires no disassembly, makes trajectory adjustments easy. The metal sights are fixed and realistic. It is compatible with the CO2 magazine **ref. 19983** .

Secondary characteristics

- **Type:** Semi-automatic blowback pistol
- **Safety:** subframe + trigger
- **Slide:** metal with grip grooves
- **Ambidextrous:** ambidextrous slide stop, optional magazine release button
- **Markings:** Official engraved CZ
- **Charger:** ref. 19983

FAQ

How many shots can be made with one CO2 capsule?

The P-10C can fire up to 66 rounds (approximately 3 magazines) with a single capsule, without any noticeable loss of performance.

Is the handle adjustable?

Yes, three interchangeable backrests are included to adapt the grip (S, M, L).

Is the hop-up easily accessible?

Yes, the adjustment is made directly via the slide, without disassembling the replica.
