The compact, folding, large-caliber rifle that fits in a backpack.

The Big Badger is the large-caliber rifled version of the Chiappa Badger family. Chambered in 30-30 Winchester caliber and featuring a 20" barrel with 5/8x24 threading, this rifle has the same characteristic as other Badger rifles, namely the ability to fold in half for easy storage and transport.

- Upper and lower Picatinny rails
- M-Lock mounting on the sides.
- Rubber butt plate
- Safety above the bridge
- 8mm steel stock with adjustable cheek piece

When folded, the Big Badger rifle measures 48.9 cm, making it ideal for discreetly fitting into a backpack.

Once deployed and optionally equipped with a silencer and a scope, its 30-30 Win caliber gives it the precision, range and stopping power necessary for hunting big game.

Extremely safe, the Chiappa Big Badger rifle can be broken to offer the same safety and visibility as a shotgun, plus the external hammer allows for last-minute cocking to prevent accidental shots.
