FN001	FN 502 T FDE/FDE	BY746	B	.22 LR	16	S.A.	11.68	19.3	3.55	725.00 € incl. tax

The FN502 Tactical is the first slide-mounted, optic-ready rimfire pistol.

The FN, equipped with a hammer mechanism in .22 LR caliber, is distinguished by greater precision and versatility than all other rimfire weapons. The FN 502 TACTICAL offers exceptional aiming options with its patented FN-inspired low-profile optics mounting system. The front sight and co-witness rear sight align perfectly with your red dot.

- 1/2x28 threaded barrel
- Front and rear ribbed slide rails, anodized aluminum and aircraft-grade steel
- Raised rear sight and fixed handlebar to allow the addition of a sound moderator
- Ambidextrous controls
- Manual safety without decocking

Featuring superior ergonomics, proven balance and ambidextrous controls borrowed from its big brother, the FN509®, the FN 502 proves to be the ideal tool for intensive training sessions involving a large number of shots.

Robustly designed for rimfire target shooting, the FN 502 TACTICAL allows faster and more precise shots on target from a modern tactical pistol, ready to be equipped with optics.

Delivered with :

- A 10-round magazine and a 15-round magazine
- Locking device
- ABS suitcase
