The first slide-mounted, optic-ready rimfire pistol.

The FN 502, equipped with a hammer mechanism in .22 LR caliber, is distinguished by greater precision and versatility than all other rimfire weapons. Equipped with a patented low profile optics mounting system inspired by FN. The front sight and co-witness rear sight align perfectly with your red dot.

- 1/2x28 threaded barrel
- Front and rear ribbed slide rails, anodized aluminum and aircraft-grade steel
- Raised rear sight and fixed handlebar to allow the addition of a sound moderator
- Ambidextrous controls
- Manual safety without decocking

Featuring superior ergonomics, proven balance and ambidextrous controls borrowed from its big brother, the FN509®, the FN 502 proves to be the ideal tool for intensive training sessions involving a large number of shots.

Designed for ruggedness for rimfire target shooting, the FN 502 TACTICAL allows for faster and more accurate shots on target from a modern tactical pistol, ready to be equipped with optics.

Included:

- A 10-round magazine and a 15-round magazine
- Locking device
- ABS suitcase

- Four MRD mounting plates (see diagram for compatibility)
- User manual
