The FN 509® is based on the proven FNSTM COMPACT architecture.

FN made internal and external modifications to meet the rigorous performance criteria of MHS requirements and developed the FN 509 ® platform with the help of industry experts. During its development, the platform underwent numerous reliability, ammunition compatibility and durability tests, totaling more than a million shots.

- Semi-automatic pistol with launched striker (stryker) 17+1 shots.
- Double Action Trigger
- Fully ambidextrous controls
- Military grade forged and cold hammered stainless steel barrel
- Slide easily pulls back to accommodate combat sights
- External extractor; loaded chamber indicator
- Improved grip texture that allows for faster shot tracking in all conditions.
- MIL-STD-1913 Accessory Mounting Rail

Comes with: 2 interchangeable grip backs, 2 17-round magazines, locking device & soft pistol case with FN logo.

Main Features :

1. Advanced Design:

- Semi-automatic pistol with fired striker.
- Double action operation for optimal responsiveness.
- Adjustable starting weight from 2.49 to 3.49 kg for personalized adaptation.
- Fully ambidextrous controls for total versatility.
- Military grade barrels guaranteeing exceptional reliability.

2. Precision Cannon:

- Cold hammered forged stainless steel barrel.
- Muzzle chamfer with recessed countersinking for increased precision.
- Polished chamber and fuel rail ensuring smooth operation.

3. Performance Slide:

- Easily retractable slide on the rear to accommodate combat sights.
- External extractor and loaded chamber indicator for optimal safety.
- Improved front and rear cocking serrations for easier handling.

4. Robust Charger:

- Low-friction pusher for smooth loading.
- Polymer base with black finish, ensuring durability and style.

5. Ergonomic Carcass:

- Improved grip texture allows for rapid follow-up of shots in all conditions.
- Interchangeable grip backs for a custom fit.
- MIL-STD-1913 accessory mounting rail for extensive customization.

6. Intuitive Operating Controls:

- Fully ambidextrous bolt catch lever for easy handling.
- Magazine stopper for convenient loading management.

Offering an exceptional combination of precision, reliability and versatility, this semi-automatic pistol redefines performance standards. Experience functional excellence with every shot.
