Controlled efficiency for all big game hunting scenarios.

NORMA's Soft Point is a premier ammunition choice among deer and big game hunters around the world. Equipped with a flat base bullet, it guarantees consistent precision with every shot. The exposed lead tip and rapidly expanding lead core ensure rapid killing effect and deep penetration, delivering full energy into vital organs.

Features:

- Flat base bullet for consistent accuracy.
- Exposed lead tip for rapid killing effect.
- Rapidly expanding lead core.
- Deep penetration performance.

A single caliber, two ballistic profiles to adapt to the terrain

The .308 Winchester has long been acclaimed for its hunting **versatility** . Norma offers this caliber in two perfectly complementary Soft Point versions:

150 gr - Speed and flexibility

With a muzzle velocity of 860 m/s and an energy of 3587 J, this cartridge is ideal for precise shots on roe deer, fallow deer or light wild boar. Its **moderate recoil** allows for excellent repeatability and shooting comfort, particularly in driven hunts or from a hide.
