Stopping power and accuracy for shooting deer and big game in open terrain.

NORMA's Soft Point is a premier ammunition choice among deer and big game hunters around the world. Equipped with a flat base bullet, it guarantees consistent precision with every shot. The exposed lead tip and rapidly expanding lead core ensure rapid killing effect and deep penetration, delivering full energy into vital organs.

Features:

- Flat base bullet for consistent accuracy.
- Exposed lead tip for rapid killing effect.
- Rapidly expanding lead core.
- Deep penetration performance.

A classic warhead, designed for regularity and efficiency

The Soft Point Norma Whitetail is designed for demanding hunters looking for **accuracy** and immediate **stopping power** on medium to heavy game. Thanks to its flat base design and **controlled expansion** lead core, it delivers all its energy to the vital organs upon impact.

Speed

- V0 930 m/s
- V100 840 m/s
- V200 756 m/s
- V300 676 m/s

Energy

- E0 3633 J
- E100 2964 J
- E200 2400 J
- E300 1919 J

Ballistic behavior in action

Loaded at 930 m/s at the muzzle, this ammunition ensures a **taut trajectory** up to 300 meters. The impact remains stable and devastating even in windy conditions thanks to moderate lateral drift (28 mm at 100 m). The residual energy at 200 meters still exceeds 2400 joules, which makes it an excellent choice for safe shots at deer.

- Ideal for shooting in open or semi-wooded areas
- Perfectly suited for roe deer, fallow deer, red deer or wild boar
- Very good comfort/accuracy ratio thanks to **moderate recoil**
