Tactical lamp with integrated laser sight.

- 360 Lumen LED + Laser: Green
- LED range ? 130m
- Battery: 122025 - 500mAh - Charging time: 3 hours
- USB charging cable and magnetic connector
- Body: Aluminum alloy - Impact resistance: 1m
- Water resistance: IP66

- Lighting modes: steady, strobe, laser, steady/strobe + laser
- Operating time: Steady: 2 hours, Strobe @ 10Hz: 3 hours, Steady + laser: 1 hour, Laser: 25 hours
- Dimensions: 59*31*45.4 mm
- Net weight: 89g (with battery)

Continuous Light Output:

- The LED chip in this tactical light offers a maximum brightness of 360 lumens in continuous mode, ensuring reliable and constant lighting.

Adjustable and Precise Laser:

- The integrated 532nm, <5mW laser is Class IIIA. The laser's elevation and orientation are adjustable using the Allen key included in the packaging, providing maximum precision.

Durable and Waterproof Construction:

- Made from aircraft-grade anodized aluminum, this device is shock and vibration resistant, and is waterproof to IP66 standards, ensuring optimal durability even in harsh conditions.

Rechargeable Battery and Battery Life:

- The built-in 500mAh battery provides up to 2 hours of continuous operation at 650 lumens. Recharging is convenient via the magnetic charging port, with the cable included in the package.

Charge Indicator:

- The charging indicator, located near the magnetic charging port, displays in red during charging and in green once the battery is fully charged, providing clear visibility of the battery status.

Intuitive Use:

- The laser switch turns the laser on and off. A single press activates/deactivates regular mode, while a two-second press activates strobe mode. In strobe mode, a two-second press completely deactivates the strobe function, ensuring precise and customized use.
