Charger base for Hi CAPA TM

The D01 Dottac charger base is made from premium aluminum, precision machined to the tightest tolerances and hard anodized for strength and good looks. It fits perfectly with the Tokyo Marui Hi-Capa magazine.

The shift pin retainer is designed to lock the base to the magazine, its one-piece design requires no additional parts or tools to secure the base to your magazine. It is very easy to attach and detach from the magazine. Additionally, its innovative Dottac design provides enough space for users to easily customize their kit to suit their specific and unique needs.

Features:

- CNC machined aluminum material
- Shift pin holding system can lock the feeder firmly
- Use an ink pen or paint pen to personalize
- Available in black, silver, red and gold

*PS: Please note: install parts/assemble/installing an airsoft gun will require intermediate knowledge; for expert gunsmith or airsoft. Please refer to your airsoft gunsmith for correct installation/assembly. Adjustment may be necessary as the condition of each airsoft gun may be different. Regular maintenance is necessary for all airsoft weapons to keep them in good working order and to reduce problems with wear and tear on parts.
