LYM007	Universal Boron guide set #04045	Vente libre	44.00 € incl. tax

Directs and centers the cleaning rod and stick in the chamber of the gun.

This protects the chamber and bore from abrasion caused by the cleaning rod during regular cleaning. Universal means this set fits most centerfire bolt-action weapons and even includes a special adapter sleeve for the AR-15.
Precision machined from durable anodized aluminum, the set comes with interchangeable tips that cover bore sizes from .17 to .416 and the threaded tips prevent the guide from binding in the chamber.

The specially machined hole in the guide makes applying solvent to the inserted cleaning patch easier and cleaner than trying to push a wet patch into the open end of the guide. The Universal Soul Guide works with most cleaning rods like the Lyman Universal Cleaning Rod System and Jaguar Brush and Set. Keep your rifles in tip-top condition with Lyman's Universal Guide.
