The Pistol Starter Set is housed in a durable and heavy-duty 600D nylon shooting bag, essential for transporting your equipment to and from the shooting range. The set contains quality hearing protection with 25DB noise reduction, eye protection and a QwikDraw™ barrel cleaner to clean your gun afterwards. The QwikDraw is a quick, all-in-one cleaning tool that eliminates the need for traditional cleaning rods and patches.

Consult this technical guide [How to choose your hunting and shooting noise canceling headphones?](#), you will find all the criteria for choosing your hearing protection.
