### Large capacity lead furnace.

The Lyman Mag 25 lead furnace, designed specifically for melting large quantities of bullets, can melt up to 11 kg of lead. Its new digital display offers precise control of the desired temperature as well as that of the lead in real time. It is equipped with a mold support compatible with most manufacturers, and a mold block preheating plate.

#### Features :

- Mold Preheating Tray
- Lead flow valve
- Mold support compatible with Lyman, RCBS, Redding, Lee, and other brands
- Digital control
- 11 kg capacity
- Tool storage compartments
- Power of 800 watts, 220 V
