Perfect alignment of the balls without nose deformation.

Top Precision Punch for **Lyman** presses and lubricators. Machined to exactly match the profile of the projectiles, it prevents any deformation during resizing.

- **Material:** High-quality steel
- **Function:** Centering the projectile during resizing
- **Compatibility:** Lyman presses and lubrication equipment
- **Use:** resizing and lubricating lead bullets
- **Manufacturer: Lyman**

The Lyman **Top Punch** is designed to fit the exact shape of the bullet nose. This perfect match eliminates any deformation during resizing or lubrication, ensuring **consistent** , high-performance bullets.

Custom machining for a perfect fit

Each model is **precisely machined** to fit a specific caliber and mold. This optimal contact prevents marks on the bullet nose, even with the softest shot.

Compatibility with Lyman tools

This top punch easily installs on **Lyman presses and lubrication equipment** , ensuring stable, backlash-free recalibration. To find the exact model that fits your mold, refer to the **Lyman cross-reference table** .

Reliability and durability at the service of precision

Made from **treated steel** to withstand repeated use, the Top Punch retains its shape and effectiveness over time. Regular cleaning helps maintain consistent performance.

FAQ

- **How to choose the right Top Punch?**
  Refer to the **Lyman mold list** to find the top punch that matches your projectile.
- **Is this top punch compatible with other brands?**
  It is designed for **Lyman presses** . Use with other brands may require adjustments.
- **Does it need to be cleaned often?**
  Yes, **cleaning after each session** is recommended to preserve the quality of the finish.
