**Warhead recalibrator tool for Lyman and RCBS recalibration press.**

If you cast your own bullets, this tool allows the reloader to reduce bullet size and apply lubrication. Lyman's improved sizing dies now have 90° hole spacing to make lubricating the bullet easier, even with today's harsh lubricants. Lyman sizing dies also feature a tapered mouth and hardened interior ensuring alignment for a perfect cylindrical shape. Interior dimensions correspond to suggested diameters for all common rifle and pistol calibers.
