- **Material** : Cast steel with epoxy finish
- **Tool Compatibility** : Standard 7/8"x14 Thread
- **Socket compatibility** : Standard supports
- **Cylinder** : Diameter 1" (25.4 mm)
- **Priming System** : Straight line with tubes for small and large primers, steel shield
- **Handle** : Ergonomic, reversible for right/left handed use
- **Weight** : Approx. 10.5 kg
- **Dimensions** : Approximately 46 x 23 x 20 cm

The **Lyman Brass Smith All-American 8** stands out for its design, tailored to heavy-duty reloaders. Its 8-station turret, the largest on the market, allows for fast and efficient setup, reducing tool changeover time.

The innovative and reliable straight-line priming system facilitates the reloading process while ensuring maximum safety thanks to its steel shield. The cast iron construction and epoxy powder coating guarantee exceptional longevity, even under intensive use conditions.

Its sturdy cast iron frame and 1" ram ensure optimum stability and accuracy, even for large cartridges. The straight-line primer feed, equipped with small and large primer tubes, guarantees simple and safe operation, reinforced by a steel shield protecting the primer tubes.

The ergonomic handle, reversible for right and left-handed use, offers increased comfort. Compatible with standard 7/8"x14 threaded tools and standard case holders, this press is an essential choice for reloaders looking for performance and durability.
