LYM017	Cyclone Rotary Case Tumbler #7631551	Vente libre	539.00 € incl. tax

The Lyman Cyclone Case Cleaner offers a large capacity that can accommodate up to 1000 .223 caliber shell casings.

- Rubber drum coating for bushing protection and reduced operating noise
- Configurable timer from 0 to 3 hours with automatic shutdown
- Comes with a set of 2 sieves to separate the casings from the steel pellets, steel pins and a sample of the cleaning solution
- Power supply: 220 volts, French plug
- Complies with CE standards

Through the action of the rotating drum combined with the stainless steel media and liquid cleaning solution, this system ensures precise cleaning of the exterior of the sockets. The stainless steel pellets fit easily into the cases, ensuring superior cleaning efficiency compared to other rotary cleaners available on the market.

The spacious drum, coated with rubber to protect your casings and significantly reduce operating noise, accommodates up to 1,000 .223 caliber casings. In addition, an integrated timer, configurable from 0 to 3 hours, allows automatic shutdown of the cleaner.

This product comes with a set of 2 sieves to easily separate the sockets from the steel pellets and cleaning solution, as well as 2260g of stainless steel pellets and a sample of cleaning solution.
