Absolute discretion and wearing comfort

Designed for **SIG Sauer P365** users, the Amend2 **Techna** Clip allows for holsterless carry, perfectly suited for civilian use or under light clothing. It attaches directly to the chassis via a **machined threaded pin** that replaces the original pin, ensuring a secure fit without the need for gunsmithing.

Reversible mounting, ambidextrous design

The clip can be attached to the right or left side, according to the shooter's preference. The **carbon spring steel clip** is coated with **Teflon** , which protects the slide and ensures abrasion-free contact. Disassembly is just as simple, requiring no structural modifications to the firearm.

Compatibility specified: P365 only

This model is **incompatible with the SIG P365 SAS** due to specific slide tolerances. It is perfectly suited to other P365 variants, but slight generational differences may affect compatibility - consult

your gunsmith.
