SKU	Designation	French Law	Length (cm)	Height (cm)	Diameter (mm)	Mounting	MSRP
OP0196	Convertible Lensolux monobloc mounting for 11 and 22 rails Ø25.4 and 30mm	Vente libre	10	1	25.4 mm (1")	21mm rail	37.00 € incl. tax

Convertible integral scope mount for 11mm or 22mm prism rail - the optimal connection between weapon and optics.

This new mount offers a completely flexible adaptation to the needs of your optics and your weapon:

- With the supplied insert rings, the inner diameter of the rings can be reduced from 30 mm to 25.4 mm (1 inch).
- The laterally screwed guides can be easily adapted to an 11 mm or 21 mm prism rail. By unscrewing/turning horizontally/screwing, the assembly changes to the desired rail width.

The triple screwing on each side ensures a very solid fixing.

- Mounting height: 10mm in 30mm diameter and 12mm in 25.4mm diameter
- Mounting length: 100 mm.

Mounting on 11mm or 21mm prismatic rail type Picatinny or Weaver
