LENSOLUX

NEW

SKU	Designation	French Law	Length (cm)	Mounting	MSRP
OP0196	Convertible Lensolux monobloc mounting for 11 and 22 rails Ø25.4 and 30mm	Vente libre	10	Picatinny Rail	35.00 € incl. tax

Integral mount convertible into 1 part for rifle scope on 11 mm or 22 mm prism rail - the optimal connection between the weapon and the optics.

This new assembly offers a completely flexible adaptation to the needs of your optic and your weapon:

1. Using the supplied insert rings, the inner diameter of the rings can be reduced from 30mm to 25.4mm (1 inch).
2. Side screwed guides can be easily adapted to 11mm or 22mm prism rail. By unscrewing/turning horizontally/screwing, the assembly changes to the desired rail width.

The triple screwing on each side ensures very solid fixation.

- Mounting height: 25mm to the middle of the ring.
- Mounting length: 100 mm.
