AJ791	Barnett Wildcat CRX Recurve Crossbow	D	195	84	2635	323.00 € incl. tax

This lightweight crossbow, reaching speeds of 260 fps, is perfect for those who prefer a sleek yet powerful design.

The Barnett Wildcat CRX Recurve Crossbow offers a blend of traditional and modern features. It comes with a precision red dot sight, a rope cocking device for easy loading, and two 20" Headhunter arrows. The soft-touch grip and thumbhole stock ensure comfort and control, making it a reliable choice for archery enthusiasts.

- Arrow speed up to 260 fps (80 m/s)
- Lightweight and compact design
- Soft grip and stock with thumb hole
- Includes two 20" (50.8 cm) Headhunter arrows
- Red dot sight with cover
- Rope arming device
- Lubricating wax for maintenance
- Metal injection molded trigger system and anti-dry fire system.
- Front pass-through handle with finger grips
- Soft-Lok Floating Silk Arrow Restraint

The Anti-Dry Fire (ADF) system for crossbows is a safety device designed to prevent shooting the bow without an arrow in place. Dry firing a crossbow can cause significant damage to the bow and pose a safety risk to the user because energy that would normally be transferred to the arrow is released into the bow itself, which may cause it to break or malfunction.
