SKU	Designation	French Law	MSRP
CAL010	CALDWELL SUPPORT DE TIR LEAD SLED 3	Vente libre	397.00 € incl. tax

The Lead Sled® 3 has become the standard in weight-reduced shooting rest.

The Lead Sled 3 reduces felt recoil by up to 95% while keeping your weapon firmly on target. The new Skeletonized front support secures your weapon with its non-marking surfaces. The upgraded stock rest uses premium Shock Eliminator technology and features a non-marking cradle to hold your weapon in place. Rear and front elevation adjustment allow for precise adjustments.

Secure the media:

Secure your Lead Sled 3 with sandbags. The unique weight tray adjusts to accommodate a variety of weight types, including 25-pound dumbbell weights, sandbags, or lead shot.

Reduce recoil:

Like the Lead Sled Plus, the Lead Sled 3 reduces recoil by up to 95%.

Front focus:

The new molded front support is soft to the touch, but firm for better stability. It also features a “wobble-free” elevation ram to keep you focused on the target.
