Powder dispenser accessories.

The **LEE PRECISION Perfect Powder Measure Valve & Screw** kit includes the **black hopper valve** and **bottle adapter screw** , intended for the maintenance or repair of your **powder dispenser** .

Genuine parts for Perfect Powder Measure

This **black hopper valve** is designed specifically for the **Lee Perfect Powder Measure** . It contributes to the smooth flow of powder and helps maintain a consistent distribution during reloading operations.

Screw for bottle adapter

The included screw allows you to properly attach the **bottle adapter** to the dispenser. A simple but essential component to ensure a stable and secure attachment of the hopper.

Maintenance and longevity

With regular use in a **reloading shop** , some parts may wear out over time. Replacing components with genuine **LEE PRECISION** parts helps maintain the performance and accuracy of the powder measure.

Simple installation

Assembly is quick and requires no tool modification. These accessories are designed to integrate perfectly with the compatible model, ensuring a precise fit.

FAQ

Are these parts compatible with all Lee dosing machines?

They are designed for the Lee Perfect Powder Measure. It is advisable to check compatibility with your model before installation.

Are these original parts?

Yes, these are genuine Lee Precision parts intended for the maintenance and replacement of worn components.

Does the installation require any specific tools?

Installation is simple and requires only basic tools suitable for the screw provided.
