This adapter allows you to convert the AAP01 from Action Army, the CTHULHU Lancer Tactical and a large number of EU7 type GBBs into HPA.

It also allows you to use your pistol with M4 AEG type magazines for a larger BB capacity.

Its aluminum construction offers ideal lightness for your Speedgames or speedsoft sessions.

- Durable metal construction
- Supplied with an EU/US version input adapter (5mm thread)
- CNC machined 6061 aluminum adapter case and AEG magazine latch
- Magwell compatible design
- Adjustable screw to fit different types of AR-15 AEG magazines
- Available in BLACK, RED, GOLD, BLUE

Please note that not all M4 AEG magazines are necessarily compatible.

We recommend using a PTS charger.
