A rugged walkie-talkie model for reliable outdoor communication.

The Midland G9 Blaze Pro stands out for its robustness and its ability to adapt to various environments. Whether you are a hunter, hiker or event organizer, this device ensures smooth and reliable communication thanks to its 16 PMR446 channels and 69 LPD channels. It also has an emergency call mode, very useful for increasing user safety in case of need.

Technical characteristics:

- **Channels** : 16 PMR446 channels, 69 LPD channels
- **Range** : up to several kilometers in open terrain
- **VOX function** : hands-free voice transmission
- **Emergency call mode** : included for added safety
- **Resistance** : splashproof, dustproof
- **Accessory** : earpieces included for discreet communication

The model is equipped with an advanced VOX function that activates voice transmission automatically when you speak, making it convenient for hands-free use. The included earpieces allow for discreet and comfortable use, further enhancing your experience during group outings or activities requiring remote coordination.

Plus, with a communication range of up to several kilometers in open terrain, the G9 Blaze Pro ensures that you never lose contact, even in the wilderness. It is splash and dust resistant, making it ideal for outdoor use.
