Morrell Yellow Jacket Stinger 20" Portable Target, durable and easy to carry, ideal for recreational and intensive archery.

The Morrell Yellow Jacket Stinger 20" target is specially designed to provide exceptional durability while remaining easy to carry. With its durable surface, it effectively stops high-powered arrows and is ideal for compound and recurve bows. Its bright yellow design with clearly visible markings allows for precise targeting, making it easier to practice and improve accuracy.

Technical characteristics:

- **Model** : Yellow Jacket Stinger 20"
- **Type** : Portable target
- **Dimensions** : 20" (50.8 cm)
- **Compatibility** : Compound bows and recurve bows
- **Color** : Yellow with visible markings
- **Resistance** : High durability, withstands repeated shots
- **Portability** : Integrated carrying handle

This quality target is manufactured to withstand repeated shots without deformation, offering great longevity to avid archers. The Stinger model is lightweight and has a carrying handle, making it easily movable for training in different environments. Its dense structure and distinct markings allow for effective training, whether for precision or power shots, while ensuring quick recovery of arrows.

- Easy arrow removal
- Takes THOUSANDS of shots
- Weather resistant
- 2 shooting faces, 10 bullseyes
- Patented design

- EZ tote carrying handle
- IFS Technology
- 46 layers of arrow stopping power
- Excellent for compound bows and traditional bows
- Not recommended for Outserts or Field Points larger than the arrow shaft.
