A modernized special series of the 1911 in 45 ACP and 9x19 mm caliber

The **Tisas ZIG PC 1911 Night Stalker** is a special edition of the legendary 1911, redesigned to offer modern ergonomics and a unique aesthetic. Available in **.45 ACP** and **9x19 mm** , it retains the reliability of a Government Model while incorporating contemporary innovations.

- **calibers available:** .45 ACP / 9x19 mm
- **total length:** 220 mm
- **barrel length:** 127 mm (5")
- **height:** 147 mm
- **width:** 38 mm
- **weight (without magazine):** 1130 g (.45 ACP)
- **weight (with full magazine):** 1367 g (.45 ACP)
- **magazine capacity:** 8+1 rounds (.45 ACP) / 9+1 rounds (9x19 mm)
- **carcass:** forged carbon steel
- **cylinder head:** forged openwork carbon steel
- **trigger:** single curved action
- **sights:** front tritium, fixed combat rear sight
- **pads:** anodized aluminum
- **lower rail:** 21 mm Picatinny
- **safety features:** extended rear pedal, ambidextrous safety, openwork hammer

A 1911 revisited for sport shooting

The **Tisas ZIG PC 1911 Night Stalker** retains the spirit of the Government Model but adds a decidedly modern touch: openwork slide, Picatinny rail, anodized grips and Cerakote finish. The result: a stand pistol that combines tradition and modernity.

Two calibers to choose from

Available in **.45 ACP** and **9x19mm** , the Night Stalker offers the shooter the option of choosing the smooth shooting of the 9mm or the legendary power of the .45 ACP. This versatility allows the weapon to be tailored to personal preferences and the disciplines practiced.

Integrated Picatinny rail

The **21mm Picatinny rail** machined under the receiver allows for the installation of accessories such as a tactical flashlight or laser. This universal standard facilitates customization and opens up new perspectives for dynamic sport shooting.

Aim and precision

Fixed combat-style sights with tritium front sights ensure clear aiming even in low-light conditions. The dovetail mount ensures strength and durability.

Materials and durability

The **forged carbon steel frame and cylinder head** provide strength and mechanical resistance. Forging improves the metal's density, ensuring superior durability. The **anodized aluminum** inserts provide both lightness and wear resistance.

Ergonomics and control

The Night Stalker incorporates the ergonomic features of a 1911: elongated "beavertail" safety pedal, rounded trigger guard, openworked hammer and a clean and consistent single-action trigger (2.5 kg). A configuration that appeals to shooters looking for consistency and comfort at the range.

Colt Series 70 Compatibility

The internal parts are compatible with the **Colt 70 series** , allowing you to easily customize the weapon according to your needs: lightened trigger, changing springs, or adding specific accessories. The Night Stalker thus becomes an excellent base for customization.

- **line of sight:** 167 mm
- **trigger weight:** 2500 ±100 g
- **gripping grooves:** rear of the cylinder head
- **accessories supplied:** ABS case, 2 chargers, Flunatec kit (solvent + lubricant)
