A59015	Automatic feeder only	Vente libre	6	89.00 € incl. tax

With its robust design and adjustable elements, this feeder is ideal for hunting and wildlife management enthusiasts, ensuring optimal distribution and increased longevity.

This digital automatic feeder operates on a 6V battery (sold separately) and offers an optimal solution for feeding game in a regular and controlled manner. Thanks to its integrated programmer, it allows you to precisely adjust the times and quantity of feed distributed.

Main features:

- **Easy programming** : Set feeding times and duration using the intuitive digital display.
- **Adjustable Power** : Adjust the motor speed between 100%, 75%, or 50%, depending on your needs.
- **Energy Compatibility** : Operates on a 6V battery (not included), ensuring reliable battery life.
- **Adjustable Installation** : Feed plate with adjustment screw to fit different types of media.
- **Pest Control** : Metal rings ready to be connected to an electric fence to deter birds and other unwanted animals.
- **Durability** : Weather-resistant materials for extended outdoor use.

Please note: Photos are not contractually binding.

The 6V Digital Automatic Feeder is designed to optimize game feeding management in hunting areas or controlled environments. Its clear programming screen allows you to define up to 6 feeding time slots per day. The feeding plate is adjustable to deliver a precise amount of food, thus limiting waste while ensuring regular distribution.

The pest protection feature is a major asset, allowing the feeder to be connected to an electric fence, preventing intrusions and preserving food from unwanted animals. Compact and robust, this feeder is ideal for extended outdoor use, even in harsh weather conditions.

Technical specifications:

- **Power supply** : 4R25 6V type battery (not included).
- **Programming** : Up to 6 feeding periods per day.
- **Adjustable motor power** : 50%, 75%, 100%.
- **Protection** : Compatible with electric fences.
- **Materials** : Weather resistant.
- **Dimensions** : Feed size adjustment up to 1 cm.
