A90210	COMPENSATEUR STRIKE INDUS. MASS DRIVER GLOCK17 GEN5	Vente libre	3.6	2.6	1.6	91	229.00 € incl. tax

Promotes weapon stability when firing by limiting barrel lift

- CNC machined from alloy
- Secured to the weapon using the supplied recoil spring guide rod
- Requires no permanent weapon modifications
- Its rear design limits damage to the slide when it closes on the compensator
- Compatible with GLOCK 17 Gen5

The STRIKE INDUSTRIES Mass Driver compensator is supplied with a guide rod and a recoil spring, replacing the original parts.

The compensator attaches to the guide rod provided.

It helps reduce recoil, as well as weapon lift, thus favoring double taps.
