Maximum capacity, fluidity and robustness: equip your 1911 Full Size with the Mec-Gar magazine with an anti-friction finish.

The **Mec-Gar 1911 Full Size 9mm magazine**, with its extended **10-round** capacity, is designed to deliver smooth and consistent shooting performance. Thanks to its **anti-friction finish**, this magazine reduces internal resistance, ensuring fast and reliable feeding, even under intensive conditions. Made of high-quality steel, it combines robustness, durability and ergonomics. This magazine is the perfect choice for sport shooters, professionals or demanding amateurs looking to optimize their 1911.

Technical characteristics:

- **Compatibility:** 1911 Full Size Pistols
- **Caliber:** 9mm
- **Capacity:** 10 shots
- **Material:** Strong and durable steel
- **Finish:** Anti-friction for smooth and fast feeding
- **Follower:** High-strength polymer to prevent shooting incidents
- **Spring:** Stainless steel for increased durability
- **Baseplate:** Ergonomic and discreet for easy transport and handling

Increased capacity for extended performance

The **Mec-Gar 1911 Full Size 9mm magazine** is designed to maximize your performance by increasing your capacity. Its careful design ensures smooth and reliable feeding, essential for competitions, training or tactical use.

Anti-friction finish: performance without compromise

The **anti-friction finish** of this magazine significantly reduces internal resistance, allowing for fast and smooth movement of cartridges. This special treatment not only improves the reliability but also the longevity of the magazine, making it perfect for intensive use.

Strong and durable materials

Made of **high quality steel**, this magazine withstands the stresses of regular and prolonged firing. The stainless steel spring and high-strength polymer follower ensure stable feeding, even after thousands of firing cycles.

Ergonomics and perfect compatibility

Specifically designed for **1911 Full Size** pistols, this magazine fits perfectly for fast and efficient reloading. Its ergonomic baseplate ensures comfortable and discreet handling.

Additional features:

- **Improved Performance:** Anti-friction finish for fast, reliable firing cycles.
- **Easy Maintenance:** Designed for easy disassembly and cleaning.
- **Professional Aesthetics:** Perfectly complements the classic appearance of the 1911.

An essential accessory for 1911 enthusiasts

The **Mec-Gar 1911 Full Size 9mm magazine** combines modern innovations with classic ruggedness, delivering consistent, reliable performance. It is ideal for shooters looking for increased capacity and smooth, uncompromising performance.
