Maximum capacity and ultimate performance: equip your SIG Sauer P226 with the Mec-Gar Competition 20-round magazine, designed for competition and intensive shooting.

The **Mec-Gar Competition magazine for SIG Sauer P226** , calibrated in **9mm** with a capacity of **20 rounds** , is specially designed for competitions and intensive shooting sessions. Its **robust steel** construction and **anti-friction coating** guarantee a smooth and reliable feeding, even in the most demanding conditions. Equipped with an integrated extension to maximize the capacity, this magazine ensures increased autonomy while maintaining an ergonomic profile. Perfect for professional and sport shooters, it combines reliability and high performance.

Technical characteristics:

- **Compatibility:** SIG Sauer P226
- **Caliber:** 9mm
- **Capacity:** 20 shots
- **Material:** High quality steel for optimum strength
- **Finish:** Anti-friction coating for fast, smooth feeding
- **Built-in Extension:** Increases capacity while maintaining perfect balance
- **Follower:** High performance polymer to prevent firing incidents
- **Spring:** Stainless steel for increased longevity
- **Baseplate:** Extended profile for easy handling and fast reloading

Increased capacity for optimal performance

The **Mec-Gar SIG Sauer P226 X5 9mm 19-Round Magazine** is designed to maximize your shooting performance by providing increased capacity. Ideal for competition, intensive training or tactical use, this magazine ensures smooth and consistent feeding, essential for consistent results.

Anti-friction coating for fast, reliable feeding

The **anti-friction finish** significantly reduces internal resistance, allowing for fast and smooth cartridge movement. This special treatment also extends the life of the magazine while ensuring reliable performance even after many uses.

Robust and durable design

Made from **high-quality steel** , this magazine is designed to withstand the wear and tear of extended shooting sessions. Its stainless steel spring and high-performance polymer follower ensure stable and reliable feeding, even under heavy use.

Perfect compatibility and careful ergonomics

Specifically tailored for the **SIG Sauer P226 X5** , this magazine offers a precise and secure fit. Its ergonomic baseplate improves grip and facilitates rapid reloads, even under stress.

Additional features:

- **Increased capacity:** 19 shots to extend your shooting sessions.
- **Proven reliability:** Reduced shooting incidents thanks to optimized components.
- **Simplified maintenance:** Designed for quick and efficient cleaning.
- **Sleek Design:** Blends seamlessly with the aesthetics of the SIG Sauer P226 X5.

An essential accessory for demanding shooters

Whether you're a seasoned competitor or a passionate amateur, the **Mec-Gar SIG Sauer P226 X5 19-Round Magazine** delivers unmatched performance and consistent reliability, making it essential for maximizing your abilities.
