Simplify and speed up your reloading die changes with Lee Precision Breech Lock EZ Set Spline Drive Bushings.

These innovative rings, sold in a set of four, allow for quick and precise installation of your reloading tools on your press. Thanks to their notched surface, they offer an easy grip for effortless adjustments. The internal O-ring maintains a perfect setting, eliminating the need for locking rings on your tools. Once set, your tool positions remain constant, ensuring optimum repeatability.

- Compatibility: Presses equipped with the Breech Lock system
- Material: Anodized aluminum
- Quantity: Set of 4 rings
- Product reference: 91933

Lee Precision Breech Lock EZ Set Spline Drive Bushings revolutionize the process of changing tooling in reloading. Their unique notched design allows for quick installation and removal without the need for additional tools.

The internal O-ring ensures that each tool remains firmly in place once set, eliminating repeated adjustments and ensuring consistent accuracy every reloading session. These rings are compatible with all presses featuring the Breech Lock system, providing great versatility to users.

Made from high quality anodized aluminum, they are both lightweight and durable, resistant to wear and corrosion. Investing in these rings not only means saving time during your reloading sessions, but also ensuring increased consistency and accuracy of your ammunition.
