LE759	Pro/App Primer Feed Spring #TR5386	Vente libre	3.00 € incl. tax

Keep your reloading press running smoothly with the Lee Precision Primer Feed Spring, designed for the Pro 1000 and Deluxe APP models.

This replacement spring is essential for maintaining smooth and reliable primer feeding during your reloading sessions. Precision-manufactured, it ensures optimum performance from your equipment, reducing interruptions and improving process efficiency.

- **Compatibility** : Lee Precision Pro 1000 and Deluxe APP Reloading Presses
- **Material** : High quality steel
- **Product reference** : TR5386

The primer feed spring plays a crucial role in maintaining the tension needed for consistent primer feeding, reducing the chance of jamming or misalignment. Periodic replacement is recommended to ensure the longevity and efficiency of your reloading press.

Installation of this spring is quick and easy, allowing users to minimize downtime and maximize productivity during reloading sessions. By choosing genuine Lee Precision spare parts, you ensure compatibility and optimal performance of your equipment, while benefiting from the brand's recognized expertise in the field of reloading.
