LE757	Pro 1000 Carrier Lee Precision 2023 #TR4415	Vente libre	19.00 € incl. tax

Optimize your reloading press with the Lee Precision Pro 1000 Carrier, designed for models manufactured in 2023.

The **Pro 1000 Carrier** is an essential part to ensure the proper functioning of your Lee Pro 1000 press. This component ensures stable and precise positioning of the cartridge cases, allowing for smooth and efficient reloading. This specific model is exclusively compatible with **Pro 1000 presses produced in 2023** , and is not suitable for earlier versions.

Unmatched precision for your Pro 1000 reloading presses

The 2023 Pro 1000 Carrier represents the culmination of Lee Precision innovation. Designed specifically for the latest generation Pro 1000 models, this component ensures perfect alignment of the case plates and smooth operation. Thanks to its reinforced steel, it withstands intensive use, even during the most demanding reloading sessions.

Easy installation and simplified maintenance

Changing the platen carrier on your Pro 1000 press has never been easier. The 2023 Pro 1000 Carrier is designed to install quickly, allowing you to get back to reloading in no time. Its intuitive design also makes cleaning and maintaining your press easy, extending its life.
