LE741	#SE2317 - 7mm Rem Mag Collar Expander	Vente libre	7 mm Rem Mag	4.00 € incl. tax

Ensures precise expansion of the collar.

The Lee Precision EZ X Expander for 7mm Remington Magnum is an essential component for reloaders looking to ensure accurate neck expansion of their cases. With a diameter of .283 inches and an overall length of 3.620 inches, this expander is specifically designed for 7mm Remington Magnum and 7x64 Brenneke calibers. It replaces the standard expander in your re-sizing die, facilitating the passage of the projectile while maintaining optimal neck tension. Made from high-grade steel, the EZ X Expander ensures increased durability and longevity, contributing to consistent and reliable reloading performance.

The Lee Precision **EZ X Expander for 7mm Remington Magnum** is designed to improve reloading efficiency and accuracy. Replacing the standard expander in your recalibration die, this accessory makes inserting projectiles easier by ensuring uniform expansion of the collar.

With a diameter of .283 inches, it is perfectly suited to the 7mm Remington Magnum and 7x64 Brenneke calibers. Its high-quality steel construction guarantees increased wear resistance and longevity, even during intensive use.

The EZ X Expander helps maintain optimum neck tension, which is essential for accuracy and consistency in reloaded ammunition. By incorporating this expander into your reloading equipment, you benefit from Lee Precision's renowned expertise and quality, ensuring consistent, reliable performance every time.
