Optimize your projectiles with precision thanks to the Bullet Sizer & Punch from Lee Precision, the essential tool for demanding reloading enthusiasts.

The Lee Precision Bullet Sizer & Punch is an ingenious tool designed for shooters and reloaders looking to maximize the performance of their ammunition. This product allows you to precisely size your lead projectiles for optimal fitment to your firearm and more accurate shooting. Use in conjunction with the **Breech Lock Bullet Sizer Kit.**

- Compatible with standard 7/8"-14 thread reloading presses.
- Available for a wide range of calibers (eg: .457, .356, .430, etc.).
- Precise calibration of lead projectiles for optimal fit.
- Robust construction made of high-strength steel.
- Easy to use and maintain.
- Recommended with reloading lubricant for best performance.
- American made guaranteed by Lee Precision.

Use in conjunction with the **Breech Lock Bullet Sizer Kit .**

The tool is compatible with all presses equipped with a standard 7/8"-14 thread, making it a universal choice for most reloading configurations. Each model is designed for specific calibers, ranging from small to large calibers, to meet the needs of sport shooters, hunters and collectors.

Thanks to the Lee Precision Calibration System, your projectiles are uniformly resized, eliminating irregularities and optimizing contact with the barrel grooves. The use of a reloading lubricant is recommended for maximum efficiency and to extend the life of your equipment.

The Bullet Sizer & Punch is made of high-quality materials, ensuring strength and durability. Easy to install and use, this tool is an ideal choice for improving the accuracy, reliability, and overall performance of your ammunition.
