- **Battery life:** High: 1.75h / Strobe: 6.5h
- **Dimensions:** 136 mm x 30 mm
- **Weight:** 176 g (with battery)
- **Mounting:** Compatible with Picatinny rail (quick and secure attachment) and M-Lock

The **Skywoods Tactical Orghini L70192 - 1250 Lumens flashlight** is an essential tool for professionals in the military, law enforcement, and outdoor enthusiasts such as hunters and sport shooters. Thanks to its 1250 lumen output, it guarantees optimal lighting in all situations, even the most demanding.

The light beam, generated by a latest-generation XF-S2 LED chip, achieves an impressive range of 240 meters, providing excellent visibility in low-light conditions. The aircraft-grade aluminum housing ensures exceptional resistance to impacts and wear, while remaining remarkably lightweight. Compliant with IP66 standards, this lamp is water-resistant and can be used in rain or humid environments.

Intelligent lighting modes: With its two lighting modes - high power and strobe - this light adapts perfectly to a variety of needs: long-range illumination, signaling, or target disorientation. These options are accessible via a classic tail switch or a remote push-button switch for ease of use in tactical situations.

Picatinny rail mounting: Installation is simplified thanks to a secure and quick mounting system, compatible with all standard Picatinny rails. This system guarantees optimal stability, even during intensive handling.

Rechargeable and long-lasting: Powered by a rechargeable 18650 battery, this lamp offers up to 2.4 hours of runtime at full power. The included charging base allows for quick and convenient recharging, ensuring maximum availability in any situation.

Adopted by professionals and tactical enthusiasts alike, the **Skywoods Tactical Orghini L70192 - 1250 Lumens** is a reliable, powerful, and durable flashlight. Whether you're on a mission, hunting, or at the shooting range, this flashlight will be your reliable companion for all your activities.
