This precision tool is essential for reloaders and competitive shooters who demand 100% reliability from their ammunition.

The Lyman Max Cartridge Gauge for .45 ACP is designed to check all critical dimensions of your ammunition, including case length, diameter and overall cartridge length.

The Lyman Max Cartridge Gauge for .45 ACP is a must-have tool for any serious reloader. Made from hardened steel, it offers exceptional durability and unmatched accuracy.

By checking the critical dimensions of your ammunition, this gauge ensures that each round meets the specifications necessary for your firearm to function optimally. Whether you're using reloaded or manufactured ammunition, the Lyman Max Gauge helps you quickly identify potential problem rounds, ensuring trouble-free shooting sessions.
