AJ6896	Maximum Viewfinder First Light 5 Pin .029"	Vente libre	29.00 € incl. tax

The Maximal First Light 5 Pin .029 Sight is designed to provide exceptional accuracy and ultimate versatility for archers of all skill levels.

Compatible with both right-handed (RH) and left-handed (LH) bows, this sight is ideal for hunting and 3D shooting.

Precision and Adjustability

Equipped with five 0.029-inch pins, the Maximal First Light sight allows for precise adjustments for shots at varying distances. Horizontal and vertical adjustments provide optimal customization, tailored to each archer's preferences.

Versatility Ambidextrous

Designed for use by both right and left handed archers, this sight offers maximum flexibility. Its ambidextrous design allows for simple installation and easy adaptation to different types of bows.

Robust and Lightweight Construction

Made from high-quality aluminum, the sight is both lightweight and durable, ensuring increased longevity without adding weight to the bow. This rugged construction is ideal for withstanding the rigors of hunting and outdoor shooting.

Integrated Lighting System

The sight includes a pin illumination system, improving visibility in low light conditions. This feature is especially useful during dawn or dusk hunting sessions.
