- Length: 950mm
- Magazine capacity: 20 BBs
- Rail Compatibility: GBB/AR15/M-LOK
- Silencer Compatibility: 14mm CCW
- 6-position retractable Vorsk stock with optional cheek rest
- Hop-up joint compatible with TDC, VSR
- AR-15/GBB spec pistol grip with 1911 panels
- VMP quick-release flash suppressor
- Split internal barrel design for quick barrel length changes
- Internal Canon 6.03
- Fully ambidextrous firing controls
- Threaded charging handle allowing it to be placed on either side of the bolt
- QD attachment points
- Compatible: VMP 48 and 20 BB's charger

The VMP-2 is the 2nd level of Vorsks' MODULAR PLATFORM series. Available in 3 variants with easily interchangeable features allowing players to adapt their replica to any gaming environment, from fast-paced CQB to long-range engagements.

MODULAR - Designed to adapt to players. Easily swap barrels, handguards, and nozzles to reconfigure your VMP-2 for different combat scenarios

RECONNAISSANCE RIFLE "MD" - the MD is a close variant of the "VMP2-D", with a slightly shorter barrel/handguard and an alternative stock option for a different "look" and slightly lighter weight for mobility

SHOOTING CONTROLS - The controls are ambidextrous for all shooters and the metal action provides a very pleasant recoil feel.

GBB AR15 SPEC - Modify your VMP-2 by swapping the handguard, stock, and pistol grip. You can replace the stock grip with an AR15 GBBR-style grip. You can also swap the grip plates for 1911/MEU-style plates.

14mm Flash Hider - Install your suppressors and tracers on the 14mm outer barrel, or use the included flash hider that accepts the VMP suppressor

HOP HOP - the TDC/VSR compatible hop-up block is adjusted by a rotary dial accessible from the top rail.

DMR STOCK - The DMR type stock is fixed and has an adjustable cheek rest.
