A complete solution for big game hunting

Designed for hunters seeking an immediately operational firearm, the **Renato Baldi Pack Express Premier FX Wood** combines a traditional **express rifle** with modern optics. This configuration allows for rapid target acquisition while maintaining the balance and handling qualities valued in the field during driven hunts.

One-piece steel rocker arm: strength and durability

The construction is based on a robust, **one-piece steel receiver** , ensuring strength and durability. This proven design contributes to the overall stability and inspires confidence from the moment you pick it up. In the field, you immediately appreciate this impression of solidity, characteristic of express rifles designed for heavy-duty use.

60cm cannons and optimized convergence

The 60cm barrels feature factory-set convergence to ensure excellent performance at short and medium ranges. This configuration perfectly meets the demands of driven hunts where speed and accuracy are essential.

Fast aiming with fiber optics and red dot

Fiber optic sights offer excellent visibility in wooded areas or on low-light days. Even better, the package includes a Microdot red dot sight with multiple brightness levels. Shockproof and weatherproof, it facilitates instinctive target acquisition and improves shooting comfort.

FX Wood stock with oiled finish

The FX Wood stock adds a touch of typically European elegance. Its oiled finish highlights the natural grain of the wood while ensuring a comfortable grip. This finish also helps protect the wood from the stresses encountered during hunting trips.

Additional features
