High performance arrows for Hyper™ crossbows.

Barnett HyperFlite™ 20-inch arrows are designed for **maximum accuracy and increased penetration** , specifically tailored to the **Barnett Hyper™** series crossbows.

The **20-inch HyperFlite™** arrows are made of **high-density carbon** , ensuring exceptional strength and straightness (**±0.001 inch**). Their **small internal diameter** reduces air resistance and improves shooting speed, ensuring **a stable trajectory even in windy conditions** . Thanks to their reduced internal diameter of **0.204 inch** , they ensure better energy retention and superior performance on target. Each arrow is equipped with **Bohning Heat Vane fins** , optimizing flight stability, and comes with a **100-grain point** for immediate compatibility with Barnett Hyper™ crossbows.

Product highlights:

? **Maximum penetration** thanks to a reduced internal diameter
? **Straightness of ±0.001 inch** for extreme accuracy
? **Bohning Heat Vane fins** for improved flight stability
? **Exclusive compatibility with Barnett Hyper™ crossbows**
? **Pack of 3 arrows with 100 grain tips included**

Technical characteristics:

- **Length** : 20 inches
- **Weight** : 9.8 grains per inch
- **Internal Diameter** : 0.204 inch
- **Outside Diameter:** 0.273 inch
- **Straightness** : ±0.001 inch
- **Fins** : Bohning Heat Vane
- **Tips** : 100 grains (included)

- **Material** : High density carbon

Why choose Barnett HyperFlite™ arrows?

Designed for demanding shooters and hunters, these arrows offer **a perfect combination of speed, accuracy and robustness** . Their specific design for Hyper™ crossbows guarantees **optimal compatibility and maximum performance** , whether for hunting or sport shooting.

FAQ - Frequently Asked Questions

Are these arrows compatible with all crossbows?
No, the **HyperFlite™ 20"** are specifically designed for **Barnett Hyper™** crossbows.

What is the advantage of the small internal diameter?
A reduced internal diameter improves energy retention, providing **better penetration and a more stable trajectory** .

Are the tips included?
Yes, each arrow is equipped with a **100 grain point** .

Can these arrows be used for hunting?
Yes, they are suitable **for hunting and target shooting** , offering great penetrating power.
