**Why choose Barnett Headhunter™ 20" arrows?**

Designed for Barnett crossbows, these carbon arrows offer an **ideal combination of speed, accuracy and durability** . Whether for hunting or target shooting, they meet the expectations of the most demanding shooters.

**FAQ - Frequently Asked Questions**

**Are these arrows compatible with all Barnett crossbows?**
They are designed to be compatible with most Barnett crossbows, including the Jackal, Whitetail Hunter II, and Raptor FX3 models. It is recommended to check compatibility with your specific model.

**What is the difference between 20" and 22" arrows?**
20-inch arrows are generally lighter and can offer slightly higher speed, while 22-inch arrows can provide better flight stability. The choice depends on your preferences and the specifications of your crossbow.

**Can broadheads be used with these arrows?**
Yes, these arrows are compatible with standard 100-grain broadheads. Be sure to secure the broadheads securely and check balance before use.

**How do I maintain my carbon arrows?**
Inspect your arrows regularly for damage. Clean them with a soft cloth and avoid hitting them on hard surfaces to prolong their lifespan.
