A compact trumpet always within easy reach

The **ELLESS ARTEMIS 16 Hunting Horn** was developed for hunters seeking a discreet and easily portable accessory. Thanks to its compact size of only 16 cm, it slips easily into a jacket pocket, vest, or hunting bag while remaining immediately accessible when needed.

A flat design conceived for comfort

Its flattened shape is a real advantage when moving around. Less cumbersome than a traditional hunting horn, it accompanies the hunter throughout the day without hindering their movements. Its carefully designed curve also improves grip and facilitates quick use.

A clear and effective audible signal

Despite its small size, this hunting horn retains excellent acoustic qualities. It produces a clear and easily identifiable sound, allowing for the efficient transmission of signals used during **hunts** or hunting activities requiring rapid communication between participants.

An ideal ally for active hunting

When travel is frequent, having lightweight and practical equipment becomes a real advantage. This hunting horn is appealing due to its discreetness, ease of use, and ability to remain constantly available without adding bulk to the hunter's gear.

Additional features

- **Size:** Very compact thanks to the flat profile
- **Portability:** Easy to store in a pocket or vest
