Improve the ergonomics and aesthetics of your VMP-2D airsoft replica with this 13-inch handguard, available in Black, Grey and Tan, to suit your preferences and playing style.

The **Vorsk VMP-2D 13-inch Handguard with Barrel Nut** is designed to provide a comfortable grip and increased modularity to your **VMP-2D** replica. Made from **high-strength polymer** , this handguard is both lightweight and durable, ensuring optimum performance in the field.

Available in three distinct colors:

- **Black** : For a classic and discreet look.
- **Gray** : For a modern and elegant appearance.
- **Tan** : Ideal for desert environments or a tactical style.

This handguard features an **M-LOK** mounting system on the sides, providing compatibility with a wide range of accessories, such as grips, lights or lasers. The upper part features a full-length **20 mm Picatinny** rail, facilitating the installation of optics or other accessories.

Customizing your replica is essential to optimize your performance and comfort during airsoft games. This 13-inch handguard allows you to:

- **Adapt your replica to your playing style** : Choose the color that best matches your preferences or your playing environment.
- **Increase modularity** : With M-LOK and Picatinny interfaces, easily add the accessories you need.
- **Improve ergonomics** : Its design provides a comfortable grip, reducing fatigue during long gaming sessions.

- **Compatibility:** Specifically designed for Vorsk **VMP-2D** models.
- **Length: 13 inches** (approx. 33 cm).

- **Material:** High strength polymer for increased durability.
- **Mounting System:**
  - **Sides: M-LOK** interfaces for easy accessory installation.
  - **Top:** Full length **20mm Picatinny** rail for optics and other accessories.
- **Available Colors: Black** , **Gray** and **Tan** .

1. Is this handguard compatible with other models than the VMP-2D?

No, this handguard is specifically designed for Vorsk **VMP-2D** replicas.

2. What accessories can I install on this handguard?

With **M-LOK** interfaces on the sides and a **20mm Picatinny** rail on the top, you can install a variety of accessories such as grips, lights, lasers, optics and more.

3. Does installation require any special tools?

Installation is designed to be quick and easy. Basic tools are all that is needed to mount the handguard and barrel nut to your replica.

4. Does the handguard come with the barrel nut?

Yes, the **13 inch handguard** comes with the matching **barrel nut** to ensure a complete and secure installation.

5. Can the color of the handguard fade over time?

The handguard is made of high quality polymer with a durable finish. With proper care, the colors will retain their vibrancy over time.
