A63051	VMP-2 Outer Barrel Thread Mount	Vente libre	Black	20.00 € incl. tax

The **Vorsk VMP-2 External Barrel Mount** is an essential accessory for airsoft players looking to expand the capabilities of their **VMP-2** replica. Made of **high-quality aluminum alloy** , this mount ensures increased durability and strength while remaining lightweight. Designed specifically for the **VMP-2** model, this thread mount allows for easy installation of accessories such as **suppressors** , **tracers** , or other barrel extensions. It features a **14mm CCW (counterclockwise)** male thread, providing universal compatibility with a wide range of accessories available on the market.

Why Choose Vorsk VMP-2 External Barrel Thread Mount?

- **Increased Versatility:** Allows the addition of a variety of accessories to adapt your replica to different playing situations.
- **Easy Installation:** Designed to fit seamlessly into the **VMP-2** 's external barrel, installation is quick and easy, without the need for complex modifications.
- **Universal Compatibility: 14mm CCW** thread ensures compatibility with a wide range of industry standard accessories.

Technical characteristics:

- **Material:** High quality aluminum alloy
- **Thread:** 14mm CCW (counterclockwise) male
- **Compatibility:** Specifically designed for Vorsk **VMP-2** model
- **Weight:** Light so as not to weigh down the replica

Benefits :

- **Easy Customization:** Give your replica a unique look by adding compatible accessories of your choice.
- **Performance Improvement:** Depending on the accessories installed, you can improve the accuracy, sound or aesthetics of your replica.
- **Durability:** Aluminum construction ensures long life and resistance to intense playing conditions.

FAQ - Frequently Asked Questions

1. Is this mount compatible with models other than the VMP-2?

This mount is specifically designed for the Vorsk **VMP-2** model. For compatibility with other models, it is recommended to consult the manufacturer's specifications.

2. What types of accessories can I install with this mount?

With the **14mm CCW** thread, you can install a variety of accessories such as **suppressors** , **tracers** , **barrel extensions** and other compatible devices.

3. Does the installation of the bracket require specific tools?

Installation is simple and usually does not require any specialized tools. Simply screw the mount onto the outer barrel of your **VMP-2** replica.

4. Does this mount affect the performance of my replica?

The mount itself does not affect performance. However, the accessories you choose to install can influence various aspects such as accuracy or sound.
