A powerful and visible audible signal for hunting and outdoor activities.

The **Eless 25cm fluorescent horn** is designed to provide effective audible signaling in the field. Made of **ABS** , it combines lightness, durability, and excellent visibility thanks to its fluorescent orange color. Its compact design makes it easy to transport and use in all circumstances.

- **Eless signal horn**
- **Material** : ABS
- **Horn type** : flat
- **Length** : 25 cm
- **Color** : fluorescent orange
- **Made** in France
- **Use** : signaling and communication in the field

The **Eless ABS 25cm fluorescent horn** is a practical and robust signaling accessory for users seeking a simple and effective way to communicate over long distances. Its compact size and high-visibility color make it easy to spot and use in the field.

Effective audible signaling

Thanks to its flat horn design, this horn produces a clear and easily identifiable sound signal. It allows for the rapid transmission of information or signaling of one's position, even in noisy environments.

Lightweight and durable construction

Made of ABS, the horn offers an excellent balance between lightness and robustness. This material withstands the stresses of regular outdoor use while maintaining a low weight.

High visibility on the ground

Its fluorescent orange finish makes it easy to spot in vegetation or among other equipment. It's exactly the kind of detail you notice when you need to find your gear quickly.

Made in France

Produced in France by Eless Manufacture, this horn benefits from recognized expertise in the design of signaling accessories for outdoor activities.

FAQ

What material is used for this Eless horn?

This horn is made of ABS, a material known for its lightness and good resistance to outdoor use.

What is the length of the trunk?

The horn measures 25 cm in length, offering a good balance between compactness and sound efficiency.

Why choose a fluorescent color?

The fluorescent orange color significantly improves the visibility of the accessory, even in wooded or dimly lit environments.

Where is this Eless horn manufactured?

This horn is made in France by Eless Manufacture.
